Purpose
This document describes how the new (in November 2015) filtering feature in the Blackboard My Grades page. My Grades is the student’s method for viewing their grades.

Description
The University’s Blackboard software was recently updated, and a new feature was added to the My Grades portion of Blackboard.

When you open My Grades, you now have 4 'views', or filters, available at the top of the page: 'All', 'Graded', 'Upcoming', 'Submitted'.

Notice the HEENT OSCE Final Grade in the exam below. This grade is a calculated column (meaning it calculates each score using other information in the gradebook). If you were looking for your final grade, and you had selected the 'Graded' view, it seems you won't see the Final Grade, because, unlike the SOAP Note grade, which was graded directly, the Final Grade is a calculation (and thus not 'Graded' by a person).

If you are using the 'Graded' view:

...and you don't see a grade which should be there, try using the 'All' view:
