There is a new RSS Feed content item available to use in your Bb course content areas and Learning Modules.

**How To Do It:**

In Edit: ON mode, choose a content area or Learning Module, then use the "Tools" drop-down and choose "RSS Feed". You will then need to give it a title, and add-in the RSS Feed URL. (Here's a list of common RSS feeds: [http://www.uen.org/feeds/lists.shtml](http://www.uen.org/feeds/lists.shtml)). You can also style it quite extensively, changing colors, and number of items, and how long each news item snippet is, etc.
