About Corbin’s Legacy

Our Vision: Have Corbin’s compassion and generosity live on by continuing her endless good deeds for children and families in need.

Our Mission: Continue Corbin’s work by assuring that no elementary school child goes without lunch, or is embarrassed, because their account is too low or depleted. As well as assisting elementary school children with basic school and healthcare needs that they otherwise would not have.

Our Goal: To Be Changed and Make Change for Good, Because We Knew Her. So, if you need a helping hand, don’t be afraid to reach out!
